The Alphabet and Pronunciation; Verbs; First and Second Conjugations; Adverbs; Reading and Translating

INTELLEGENDA ("Objectives")

Upon completion of this lesson you should be able to

1. Discuss the Roman alphabet and the essentials of Latin pronunciation.
2. Define the five principal characteristics of a verb.
3. Explain the difference between the factors which mark the person and number of an English verb and those which mark a Latin verb.
4. Identify the active voice personal endings of a Latin verb.
5. Form the present stem of a first or second conjugation verb.
6. Recognize, form, and translate the present active infinitive, indicative, and imperative of a first or second conjugation verb.
7. Describe what an adverb is and its usual positioning in Latin.
8. Discuss and apply basic rules of word order and translation of simple Latin sentences.

Salvē, discipula or discipule! Whenever you turn to the exercises in this workbook, you should have already thoroughly studied the corresponding chapter of your text, *Wheelock's Latin*, especially the new grammar and vocabulary and even the **Latīna Est Gaudium** section; for this first workbook chapter you should also review carefully the pages on "The Alphabet and Pronunciation" in the text's Introduction. And remember always to memorize new paradigms (model conjugations and declensions) as well as vocabulary *by repeating the words aloud*. **Bonam fortūnam!** (*Good luck!*)

GRAMMATICA ("Grammar")

Second Declension Neuters; Adjectives; Present of *Sum*; Predicate Nominatives; Substantives

INTELLEGENDA

Upon completion of this lesson you should be able to

1. Recognize, form, and translate second declension neuter nouns and adjectives.
2. Recognize, conjugate, and translate the irregular verb *sum* in the present indicative.
3. Define the terms "predicate noun" and "predicate adjective" and state the rule for agreement of a predicate adjective with the subject.
4. Define the term "substantive adjective" and recognize and translate such an adjective in a Latin sentence.

Salvēte, amīcae et amīcī! Whenever you turn to the exercises in this workbook, you should have already thoroughly studied the corresponding chapter of *Wheelock's Latin*, especially the new grammar and vocabulary and even the **Latīna Est Gaudium** section. And remember always to memorize new paradigms and vocabulary by repeating the words *aloud*. **Bonam fortūnam!**

WHEN PROFESSOR FREDERIC M. WHELOCK'S *LATIN* first appeared in 1956, the reviews extolled its thoroughness, organization, and conciseness; at least one reviewer predicted that the book "might well become the standard text" for introducing students to elementary Latin. Now, decades later, that prediction has certainly proved accurate.

Workbook for Wheelock's Latin is an essential companion to the classic introductory textbook. Designed to supplement the course of study in *Wheelock's Latin*, 7th Edition, each of the forty chapters in this newly updated edition features:

- Transformation drills, word and phrase translations, and other exercises to test and sharpen the student's skills
- "Word Power" sections that focus on vocabulary and derivatives
- Reading comprehension questions and sentences for translation practice
- Perforated pages for hand-in homework assignments and space for the student's name and date

Praise for Wheelock's Latin

"LaFleur has done a great service for the study of Latin: This revised edition ensures the survival of a textbook that has remained on the academic bestseller lists for more than forty years. The expanded grammatical explanations are particularly valuable for today's students and teachers."

—PROFESSOR JAMES M. MAY, St. Olaf College

"High-schoolers respond enthusiastically to the authentic texts in *Wheelock's Latin*, and the book's thoroughness, clarity, and rigor ensure students are well prepared to read extended passages of real Latin."

—PAUL CHENIER, Harvard-Westlake School
